Q&A WITH BRIAN HOUSTON

WHAT'S THE MOST CHALLENGING PART OF PASTORING A GLOBAL CHURCH?

I try not to focus on the challenges, but to see them as part of the adventure. Years ago it was only a dream that we (Bobbie and I) would have the opportunity to travel all over the world, let alone see great local churches built in cities of influence. Today, the travel and 'time demands' could be seen as a challenge, or as a great blessing. We choose the latter...most of the time.

THIS IS A BIG YEAR WITH THE CONFERENCE, YOUR BOOK RELEASE, AND THE HILLSONG MOVIE! WHAT'S YOUR FAVORITE WAY TO SPEND YOUR DOWNTIME?

I love everything about what I do, so I don't feel 'drained' by my weekly responsibilities. However, even though I don't get much time for it these days, I love to ride my motor bike when I get the chance. I love to exercise along the famous Bondi to Bronte trail, and I love spending time with my kids and grandkids.

WHAT DO YOU THINK IS THE BEST ADVICE YOU COULD GIVE TO CHURCH LEADERS?

Be YOU. Don't try to 'do church' the way others are doing it, don't try and copy what is working somewhere else. Live with the original conviction and call that brought you to ministry in the first place. Find your grace zone and hold fast to your vision – we can learn and glean from others but you must be comfortable to be yourself. Don't be afraid to raise up people that are 'better than you' – better preachers, better carers – where you sow, you will reap.

BE SURE TO TUNE IN JUNE 30 – JULY 3 TO WATCH THE HILLSONG CONFERENCE ON DAYSTAR!

EVERYONE IS TALKING ABOUT MILLENNIALS AND THE CHURCH. MEANWHILE, HILLSONG SEEMS TO BE FULL OF THEM! WHY DO YOU THINK THAT IS?

We purposefully and wholeheartedly care for and put great effort into raising up the next generation of leaders and influencers, healthy young people who know what they were created for. From children's programs, to youth groups and conferences aimed at young people, our heart is about drawing young people to a message of worth, value and contribution, and ultimately a saving reality of Jesus Christ. Some people would say Hillsong is a 'relevant' church because of the music we sing and the 'image' we portray. But I have always said that relevance isn't about the clothes you wear, but that 'true relevance is measured by the distance between what you say and

what you do.' If your actions and lifestyle fail to line up with what you say, preach, and believe, then your message becomes irrelevant.

WHAT ARE YOU MOST LOOKING FORWARD TO FROM HILLSONG CONFERENCE 2015?

I look forward to Hillsong Conference every year, but I can honestly say that there is something special about this year. Each year I intentionally sit down to hear from God about the speakers to invite, the theme and words to frame the conference – God never disappoints, and that is exactly what happened. "Speak Lord, We're Listening" is not just a phrase or a marketing campaign – it is the very cry of our hearts as we prepare every detail for our delegates.

WHAT CAN PEOPLE EXPECT WHEN THEY TUNE IN TO THE CONFERENCE ON DAYSTAR?

World class speakers, beautiful worship, new songs, some creative moments that will spark your imagination and of course, if they open their hearts and lean in, I believe people watching on television can expect to hear from God.

"We purposefully and wholeheartedly care for and put great effort into raising up the next generation of leaders..."

MARCH OF THE LIVING HEART FOR THE WORLD, ISRAEL NIGHT

The nation of Israel and the Jewish people have always been very near to our hearts here at Daystar, which is why we recently sent a Daystar team to Poland to attend and film the annual March of the Living, an event which pays tribute to the victims of the Holocaust.

Each year, Jewish and non-Jewish people from across the globe gather together with remaining Holocaust survivors to walk from Auschwitz to Birkenau, a memorial to the death marches in which the Nazis forced the Jews to walk to different concentration camps in harsh environmental conditions, many of them perishing along the way.

It is a time to remember the past and hear stories from the survivors so that they might never be forgotten. This year's march was particularly special because it commemorated the 70th anniversary of the end of WWII.

We had the opportunity to film pieces of this event and interview several Holocaust survivors. Their stories were incredibly inspiring, and we were honored to have the chance to interview them. You will have the opportunity to hear their stories as well on Israel Night during Heart for the World. It's going to be an inspiring and impactful evening that you won't want to miss, so be sure to tune in for our summer Heart for the World during the first week of June!
