# THE POWER OF REDEMPTION

BY PERRY STONE

Each year when spring arrives, believers from around the world are reminded of a great redemption event in world history – the Passover (Exod. 12).

Known in the Western culture as Easter, the original Passover occurred in Egypt about thirty-five hundred years ago when God instructed Moses to have each Hebrew family place the blood of a lamb on the left, right and top post outside their door. During the night, as the Death Angel marched through Egypt, the Hebrew families, remaining in their homes eating the roasted lamb, would experience supernatural healing for their journey back to the Promised Land (Psa. 105:37).

At midnight, cries from the Egyptian homes could be heard filtering through the dark night as Egypt's firstborn sons and beasts were slain by the Death Angel. Thus, the body of the lamb brought healing and the blood of the lamb initiated their redemption. This was a preview of the greatest event in history that would occur 3,500 years later in Jerusalem. Jesus Christ began

His ministry at about age 30, which was the required age of a Levite to enter the priestly ministry (Luke 3:23). Christ was introduced as "the Lamb of God that takes away the sins of the world" (John 1:21). Forty-two months after entering the ministry, Christ was arrested in Jerusalem and condemned to death by crucifixion.

*"This was a preview  
of the greatest  
event in history  
that would soon occur"*

The Exodus prophetic pattern indicated that He must die near the time of Passover, which did occur according to the four gospels (Mark 14:14; John 19:14).

Just as the body of the lamb in Exodus brought healing to the nation when they partook of the lamb, likewise, by the stripes on Jesus' body we are healed (1 Pet. 2:24).

Just as the blood of the lamb in the Exodus saved the firstborn from death, Christ was crucified, shedding His blood to redeem back to God all who would believe upon Him. This Passover let us celebrate redemption from sin as we honor the Lamb of God!

Perry Stone is a study in contrasts. He has limited formal education for someone sought after as a Bible expert, yet he's written more than 40 books. A Southerner, he's popular in the Northeast. He bases his ministry in a small Tennessee town, yet he impacts the world through television. He is a fourth-generation Pentecostal preacher whose largest group of followers are Baptists—and Roman Catholics are in the top four.

# SPOTLIGHT DEVOTIONAL

## HE IS RISEN - BE ENCOURAGED

1 Corinthians 15

As he died on a Roman cross the religious leaders mocked him; passerby's exclaimed, "If he is the son of God let Him come down from the cross." Yet even in His dying, He took a thief with him to paradise. But now, His mission in life finished, the Son of God rests; His hands folded in peace in the quiet of the tomb. Yet His disciples and closest followers were not at peace; for with His death their hopes and dreams of a renewed Jewish nation lay in dust.

As yet, they still did not understand the purpose - the necessity - of the infinite sacrifice He had made. When they came to the tomb, they could not find Him, like so many today because they look in all the wrong places; searching among the highways and byways of this world and seeking for meaning among all the vain things of life that will soon pass away, instead of looking above - where Christ is - for rest for their weary souls.

Those 'great stones' - like the one they rolled across the tomb in which He lay - and which now hold you bound, hurting and empty, can just as surely be rolled away from what imprisons you by the hand of the One who holds the world in place. At the Savior's resurrection a few graves were opened, but at His second coming, all the precious dead shall hear his voice, and shall come forth to a glorious immortal life.

He is risen to save and heal - be encouraged! He is risen to intercede - be comforted! He is risen to hold you in His arms of love and mercy, even though it appears the stone remains immovable.

Take heart dear friend - The Resurrection power of God still moves among us today! Happy Easter!

## FROM JONI LAMB

As you know, Daystar has a big heart for Israel. But supporting the Holy Land involves more than just standing alongside the Jewish people - it's also important to understand and appreciate their unique heritage and special holidays. You may have heard of Passover and Hanukkah, but did you know that there are many other equally important, if lesser known, holidays celebrated in Jewish culture?

For example, this month the Jewish people will celebrate Purim - a holiday that commemorates the deliverance of the Israelites back in ancient Persia when a plot to destroy them was foiled by Queen Esther. When Esther's cousin Mordecai told her about the evil plot conceived by the king's advisor Haman, she was afraid. But she showed incredible strength, courage and bravery in going to the king, exposing Haman and orchestrating the deliverance of her people, the Israelites.

Beginning the evening of Wednesday, March 5, and continuing on until the evening of Thursday, March 6, Purim will be celebrated by Jewish people around the world. Even if you do not celebrate Purim, take that time as an opportunity to pray for the peace of Israel.

It's more important now than ever before that we show our support for Israel, so please join us in prayer for the Holy Land!
