I called the Daystar Prayer Line all the way from Amsterdam. The Prayer Partner prayed with me for a financial breakthrough as I had been struggling for months and couldn't make ends meet. Today, I have been blessed with a significant amount of money. I have witnessed the power of Jesus. Thank you for praying with me!

# FINDING HOPE IN PROPHETIC TIMES

with Rabbi Jonathan Cahn

**In *The Dragon's Prophecy*, you discuss the spiritual battles of the End Times. How can believers remain victorious over the enemy during these times?**

**JC:** One of the things *The Dragon's Prophecy* reveals is that we're all at war – especially in the End Times. If you're in a war and you don't know you're in a war, you won't win. If you're in a war and you don't know and don't use the power you have, you won't win. We each need to realize the battle we're in – with regard to our nation, culture, and world – and in our walks and callings. The battle is not to keep us from living victoriously. Just the opposite – the battle enables us to become victorious. You can't be victorious without a fight. And if you fight the good fight that God has called you to – and you don't give up – and you keep fighting – then you are guaranteed to win.

**You explore prophetic themes in your book. How can understanding biblical prophecy help Christians navigate the challenges of today and the future?**

**JC:** Of all the books I've written, *The Dragon's Prophecy* opens up the realm of End Time prophecy. One of the things it reveals is that the realm of End Time prophecy is accelerating. In just this past year, we've crossed several red lines of biblical prophecy. The Lord told us to know and discern the "signs of the times." Knowing these signs is crucial in living victoriously, fulfilling our calling, and making wise and godly decisions. It gives special clarity to the issues of our times. It gives us encouragement and peace knowing that things are not out of control, and that God is still very much on the throne.

**You explore several mysteries in *The Dragon's Prophecy* that God revealed to you. Which mystery surprised you the most while writing this book? Tell us about it.**

**JC:** There are so many mysteries in *The Dragon's Prophecy* that it's hard to choose one or even a few. There is the mystery of the Sea Peoples, the colors of the Apocalypse that have now appeared, the two ancient entities that lie behind the wars in the Middle East, the secret of the Temple Mount that lay behind October 7 and September 11, the Devil's Jubilee, and much more. But the mystery that led to the writing of the book was especially dramatic. It was a Friday night at Beth Israel, the congregation I lead in Wayne, New Jersey. I was led to share an ancient mystery from the Bible that foretold that there would be an invasion of Israel, that it would take place in the year 2023, that it would happen in the month of October, it would take place on a Saturday – the mystery ordained that Israel would be invaded by enemies on the first Saturday of October, 2023. The first Saturday of October, 2023 fell on October 7 – the very day that Hamas invaded Israel. I shared the mystery on

that Friday night – the next morning, it came true! This is one of the mysteries in the book that may enable us to know what the future holds, specific and exact events that are going to take place and when.

**How can Christians balance being aware of the End Times with living victoriously and joyfully in the present?**

**JC:** The two actually go together. Living in the End Times is not something to make us fear. If God didn't want us to live in the End Times, He would have caused us to be born in the Middle Ages. If we are in the End Times, then God has called us here. And if God has called us for this hour, then He has appointed us for this hour. And if God has appointed us, then He will anoint us. And if He has anointed us, He will empower us – to win. So there's nothing to fear. In fact, there's a lot to rejoice about. What's the most exciting part of a movie? The last fifteen minutes. So God has called us to the last fifteen minutes, to have a starring role at the end of the story. That's something to rejoice about – and rise to.

**What is the most important message of hope and encouragement you want readers to take from *The Dragon's Prophecy* as they enter the New Year?**

**JC:** The last section of *The Dragon's Prophecy* is about the enemy's war against each of us, how to know his strategies, and how to overcome. God has called us to fight – and to be victorious. In the vision of the dragon in Revelation 12, it is written that the people of God overcame him by the blood of the Lamb, the word of their testimony, and loving not their lives to death. They overcame him. We are called and anointed to overcome. That means we have the

power to overcome. And the Greek word used there for "overcome" is nikao. Nikao is an amazing word because here it refers to what is yet to come and yet it is written in the past tense. Why? Your overcoming, your victory in God, is as good as done. It's finished. It's won. All you have to do is live and fight until the victory that already is – is manifest.

**From a prophetic perspective, what is God showing you about 2025 and the days to come?**

**JC:** Interestingly, we're going from the "Year of the Dragon" to the "Year of the Serpent"! I don't know that it's much of an improvement! But it will not be a boring year. It will be dramatic, with warfare, with light and darkness and the conflict thereof. I wrote of the mystery of Donald Trump in the book *The Paradigm*. The book has continued to come true after I wrote it. It tells us that we have a window, a moment, a chance. The only thing that will save America is revival. This is our chance. We have to go all out as never before in praying for revival, working for revival, and living in revival. Let us set the year ahead to do that. For if we do that – then revival will have begun!

Your  
overcoming,  
your victory  
in God, is as  
good as done.

## Prophetic Word FOR 2025 & BEYOND

Jeremiah Johnson

God has been speaking to me concerning several different subject matters that I will separate into sections below. They are not necessarily connected to one another; however, I do believe I am to release all of them at the same time now.

### INCREASING ANGELIC ACTIVITY

I received a prophetic dream in September of a large number of angels being assigned to many people, leaders, and even nations in 2025 and beyond. **Psalm 34:7** says, "The angel of the Lord encamps around those who fear Him and delivers them." The fear of the Lord is a major key in God delivering His people in the years ahead. I saw three specific types of angels being released.

1. Angels of Divine Provision
2. Angels of Divine Protection
3. Angels of Warfare

We do not worship angels, nor should they be our central focus. May Christ Jesus be glorified! However, these

ministering spirits (Hebrews 1:14) are going to make themselves known and we will become aware of their divine intervention like never before.

### LEVIATHAN ATTACKS IN BIRTHING AND TRANSITION SEASONS

In 2025, we will see leviathan the prideful covenant breaker be defeated as it meets love, humility, and forgiveness which are covenant makers.

God has given me three specific passages of Scriptures concerning 2025 and beyond:

**Genesis 25:** The War and Conflict in Israel  
**Numbers 25:** Judgment on Sexual Immorality & Holy Jealousy  
**Matthew 25:** Oil, Stewardship, and Judgment

# A letter from our President

JONI LAMB

Dear Friend,

Happy New Year! As we step into 2025, I want to encourage you with one of my favorite scriptures, Jeremiah 29:11:

*“For I know the plans I have for you,” declares the Lord, “plans to prosper you and not to harm you, plans to give you hope and a future.”*

What an incredible promise! Let’s commit to making 2025 a year where we simply say “yes” to God—yes to His leading, yes to His timing, and yes to His purpose. As we faithfully walk with Him, He will bring about His plans in our lives in ways far greater than anything we could imagine. His promise in Jeremiah 29:11 reminds us that our future is full of hope, not because of our efforts, but because of His faithfulness.

Remember, you don’t have to walk this journey alone. Our Daystar prayer line is always open to stand with you in faith. If you need encouragement, prayer, or someone to agree with you for God’s breakthrough in your life, call us anytime at 1-800-329-0029 or visit [Daystar.com/Prayer](http://Daystar.com/Prayer).

I’m also thrilled to share how God continues to expand the reach of Daystar Television Network. We remain the only full-time Christian TV network on every major multi-channel pay TV platform in Israel, including HOT Cable, Yes Satellite, Partner TV, and Cellcom Streaming Services. And now we have launched on two additional platforms—Nilesat, the primary Free-to-Air satellite service reaching 95% of households across the Middle East and North Africa (including Israel), and Redmax, a streaming service serving Israel’s Russian-speaking community. These incredible doors allow us to reach even more people in the Holy Land with the message of Jesus!

This month, I hope you’ll join us for Planetshakers Conference, airing on Daystar January 16 & 17, 23 & 24. It’s one of our favorite events of the year, where we experience God’s presence in a powerful way through inspiring worship and ministry. You won’t want to miss it!

Finally, I want to share a special family celebration. My daughter, Rachel Lamb Brown, has a birthday this month! Her life is such a blessing to all who know her, and I’m so grateful for the incredible woman of God that she is. I hope you’ll join me in wishing her a very happy birthday!

As we begin this New Year, I want to thank you for your continued support. Your prayers and generosity make it possible for us to reach more lives with the Gospel. Together, we are bringing the hope of Jesus to the world. May your 2025 be filled with God’s peace, blessings, and the assurance that His plans for you are good!

In Hope and Expectation,

Joni Lamb
