**Waiting on God's Timing**  
Joni Lamb

I was diagnosed with fibromyalgia in 2015 and suffered daily from intense pain, especially in my spine. During a broadcast, Joseph Z received a word that someone was being healed from fibromyalgia, and I claimed it in faith. By God's grace, I am pain-free! Hallelujah to Jehovah Rapha! Thank you for being incredible stewards of God's Word. God bless you all abundantly.

# GRACE AFTER ROCK BOTTOM

with Larry Huch

**Your story is such a powerful testimony. Can you share a bit about your journey from addict to pastor and how you experienced God's redeeming grace?**

**LH:** The story begins in Columbia, South America where I was living and smuggling drugs into the United States.

It may sound funny, but I knew that something with God was missing from my life - I just didn't know how to find it. One day I was doing more and more cocaine, shooting it into my vein. I was so stoned that I didn't realize that I was missing my vein. I kept doubling the amount, over and over. Finally, on the fifth time, I hit the vein and immediately realized I was overdosing. But I said these words, "God, don't let me die until I find out what happiness really is." I thought I'd looked for happiness in every place I could, from sports to education to drugs, but I'd never found anything that could fill that void in my heart.

When I got back to the United States from Columbia, I found out that I had been selling drugs to a narcotics agent for about a year and a half. There were seven federal warrants out for my arrest. I decided to flee the St. Louis, Missouri area and ended up in Flagstaff, Arizona. That's where I say that I ran from the long arms of the law to the strong arms of the Lord and ended up being invited to church where I met Jesus.

**How can those who feel stuck in their mistakes or past failures begin to embrace God's grace and move forward?**

**LH:** The Word of God tells us that we're to put our hands to the plow and not look back. I love the Scripture that says, "those who are forgiven much loveth much" (Luke 7:47). Which means our past doesn't disqualify us from being used by God. In many ways, it qualifies us. We who were the worst of

sinner, so many times appreciate and love God so much more. Like King David said, "Lord, don't let me forget the pit from which I was dug." To this day, 48 years later, I still remember what it feels like to be under the grace of God, and God reaching into where I was and pulling me up. So, I say to people who feel stuck in the mistakes of their past, remember, Satan is the accuser of the brethren. God is the one who comes and sets us free from the past. When we put our hand to the plow, we reap the harvest of God's joy. His blessing is in front of us, not behind us.

**Your journey shows how God can use anyone for His glory. What encouragement would you give to someone who feels unqualified or unworthy to be used by God?**

**LH:** You know, when President Trump was getting ready to run again, I did a message on King Cyrus. One of the reasons I did that is, I found out that so many Christians weren't going to vote for President Trump because he'd been divorced several times and he's had this failure or that failure. In that message I compared President Trump with King Cyrus. King Cyrus was

not a Jew, obviously not a Christian. But God said about King Cyrus, "Don't touch him. My hand is on him. I am going to use him. He will hear My voice." King Cyrus was used to send the Jews back to Jerusalem, to free the Jews so they could build the Second Temple. I believe President Trump is being used the same way. Although he is a Christian, he is being used the same way by God to rebuild the Third Temple. I want you to look at who God uses. God does not use perfect vessels, He uses yielded vessels. He uses willing vessels. You look at everybody from King David to Moses to Paul to Peter. Anybody in the Bible. These were not perfect people. When people think they aren't good enough to be used by God, they need to understand that God is looking for yielded vessels. He's looking for earthen vessels that He can pour His anointing and His Spirit through. I really believe that in our weakness, He is made strong. If God can use someone like me who came out of the background I did, He can use anyone!

**In your book, you talk about the spiritual warfare you faced on your journey. What practical steps can believers take to overcome their own spiritual battles?**

**LH:** Number one, ask Jesus to come into your heart. Don't just make Him your Savior, make Him your Lord. Number two, be in the right church. Be in a church that preaches and teaches the Word of God. Be in a church that encourages you to grow in the things of God, not to just stay on the milk but to go towards the meat. Be in a church that gets you involved with changing the world, not just filling a seat. Religion will never change your life. But being used by God will not only change your life, but it will also strengthen you to help change the world and make it a

better place.

**What is one key message from *From Junkie to Jerusalem* that you hope every reader will take to heart?**

**LH:** When the devil tells you you're not worth anything, God says you are so valuable to Him. If you were the only one who would receive His son, He would still send Him to give His life for you - that's not something to take lightly. No matter how deep a pit we fall into, His love for us is deeper still.

Understand that serving God is a journey. It's exciting. It's an adventure every day. Serving God is not religion. Every day we should ask Him, "What's next?"

When I was a kid, growing up in the hood in south St. Louis, I never dreamed that I would be a pastor, that I would get to teach the Gospel, teach about the love of God around the world, that I would be standing up for Israel with presidents and prime ministers. But no matter where we start, the truth is that God has a destiny for each and every one of us that is exceedingly, abundantly above anything we could ask or think!

**Our past doesn't disqualify us from being used by God. In many ways, it qualifies us.**

# FROM *Junkie* TO JERUSALEM

At Daystar, we believe in the transformative power of God's love, and Pastor Larry Huch's powerful story exemplifies that truth. In his new book, *From Junkie to Jerusalem*, Pastor Larry shares his personal journey from addiction to redemption, revealing how God's grace completely transformed his life and led him to a deep connection with Israel and its divine purpose in the End Times.

Pastor Larry's life was once defined by drugs, crime, and hopelessness. But **through a miraculous encounter with Jesus, he was set free** and called to ministry. His journey ultimately led him to Israel, where he has ministered to God's Chosen People, bringing the message of Jesus to the land that holds a central place in God's plan for the world. *From Junkie to Jerusalem* isn't just a story of personal redemption—it's

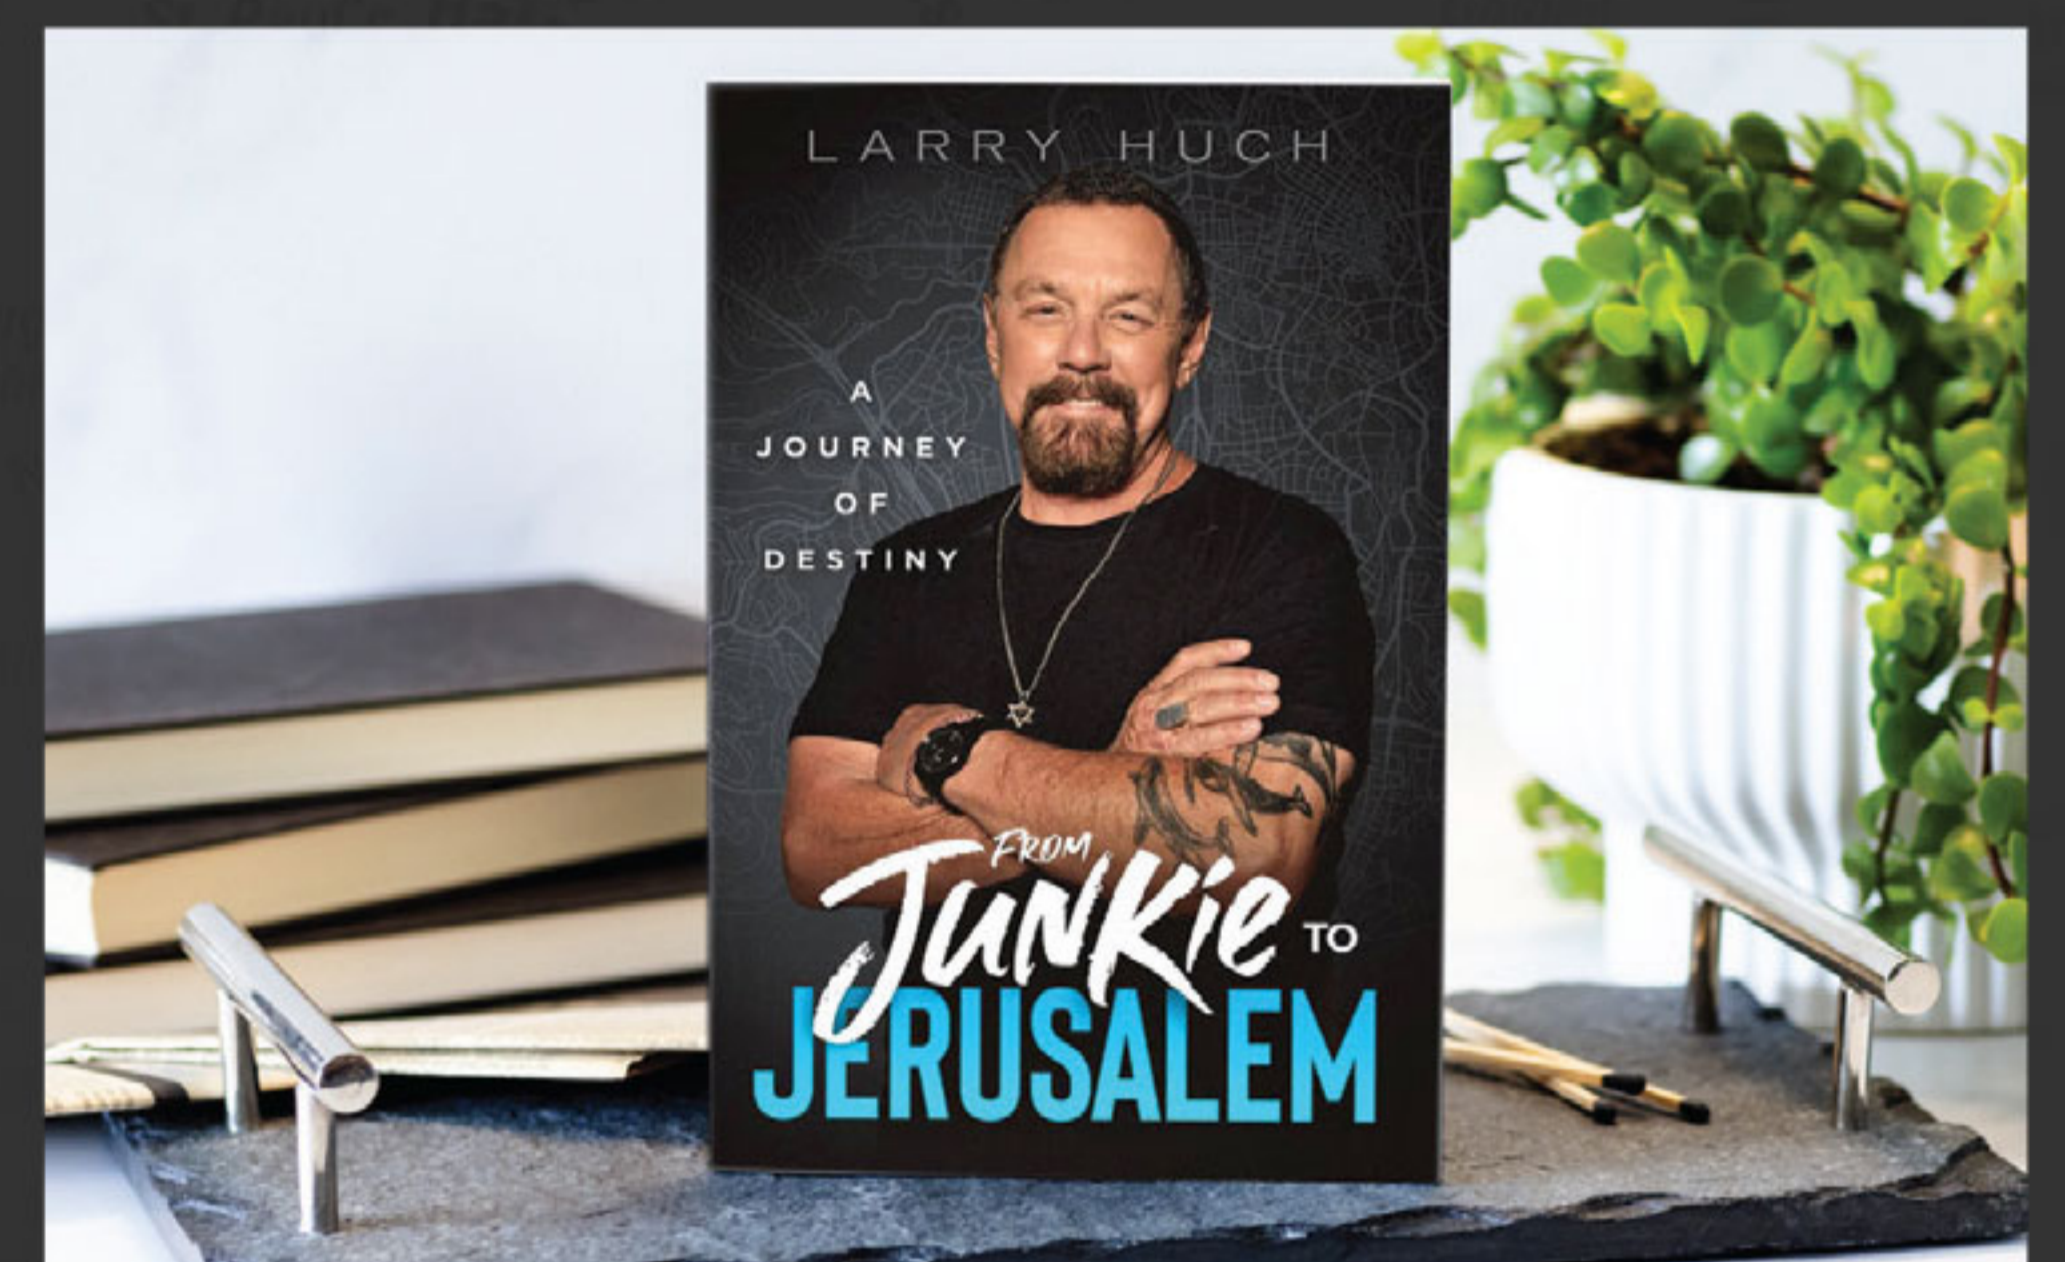

a testimony of how God can use every believer to fulfill His purposes, even when they come from the most unlikely places.

For those of you believing for the salvation of a family member, Pastor Larry's story serves as a powerful reminder that no one is ever out of God's reach. Whether it's a loved one struggling with addiction, loss, or doubt, God's redemptive power is stronger than any circumstance. This book is a beacon of hope for anyone standing in faith for a breakthrough in their family, showing that with God, **second chances are real and transformation is possible for all.**

# A letter from our President

JONI LAMB

Dear Partner,

Waiting is never easy. In a world that moves fast and demands instant results, the idea of waiting on God's timing can feel discouraging or even frustrating. But I want to remind you that waiting is not wasted when you put your trust in Him. Isaiah 40:31 says, "But those who wait on the Lord shall renew their strength; they shall mount up with wings like eagles, they shall run and not be weary, they shall walk and not faint."

If you find yourself in a season of waiting—whether for a breakthrough, healing, or an answer to prayer—know that God is at work behind the scenes. He is strengthening you, preparing the way, and making all things beautiful in His time. Don't let discouragement take root. Instead, stand firm and trust that He is leading you into His very best!

This month, we're celebrating my beautiful daughter Rebecca's birthday! She is such a light in our lives, and I'm so grateful for the amazing woman of God she has become. Happy birthday, Rebecca!
